AUTOBIOGRAPHY OF BERTHA DUDDE.

At the request of many friends Bertha Dudde wrote the following biography in 1953:

I have been writing messages, received through the inner Word since June 15, 1937. In answer to the many requests of my friends I will give you a picture of my earthly life, a short explanation of what I received spiritually, and my own feelings about all this.

I was born April 1, 1891, the second oldest daughter of an artist of Liegnitz in Schlesien, today's Poland I had a normally peaceful childhood, with six sisters in our parent home. I learned the cares of life at an early age. The desire to make money to help my parents made me learn the trade of a seamstress. As the financial needs of my parents continued, so the burden, and in this way I made myself useful.

My parents belonged to different denominations. Father was a Protestant -Mother a Catholic. We children were brought up in the Catholic faith, but never experienced pressure or force to follow the practices of the church so that each child in later years could pursue their own chosen course.

I myself was religious, but could not accept the doctrine of the Catholic system, although I respected the church. I could not represent something on the outside that my inner conscience had not accepted. So I did not continue to attend church, heard little preaching and had no knowledge of the Bible. I did not read any religious books or scientific literature and did not join any other group or religious sect.

Anyone knowing the Catholic teaching knows what a conscious struggle one finds himself in when he wants to loosen himself from it. I also was not spared from this. But the question as to what is the Truth, and where it is to be found, remained.

Often when I prayed the Lord's prayer I would beseech the Lord to allow me to find HIS kingdom. This prayer was answered in June 15, 1937, as I prayed quietly and waited on the inner voice. In this attitude I persisted often, for a wonderful peace came over me and thoughts which came to my heart, not my head, gave me comfort and strength.

Still I did not know that these thoughts were given to me, until in a strange dream I experienced something, which later proved to be the Truth and caused me to write down these thoughts.

So on a certain day as I listened inwardly a stream of words came to me, which I wrote down. This was the first message I wrote which started like this: **"In the beginning was the Word, 'a TE-DEUM' to the Creafor of Heaven and Earth."**

Then came doubt,did you write this by yourself? In short, I have wrestled, prayed and gone through many struggles, but again and again the words came to me like a stream, a wisdom, which made me tremble. Then GOD HIMSELF took away my doubts. HE answered me and I acknowledged HIM as our Father, in HIS Word. My faith grew, doubt diminished, and I received and wrote daily.

The contents of the writings were beyond my understanding. Phrases, which I had never heard of, or read about, strange and scientific expressions and references continually came to me. Then came unheard of expressions of the Heavenly Father's Love giving refuge and providing enlightenment to all the questions of life.

The "Words" came to me in the following manner: After sincere prayer and a short period of composure I listened inwardly. Thoughts then followed coming to my mind, clearly, distinctly, and the words flowed smoothly always three or four, one after another, like writing a radio announcement or a weather report, slowly so that I could easily keep pace, writing line after line.

Now, I write the words in shorthand as a dictation without having any constructive or intellectual part in it. I am in no way in a 'trance', nor do I even form the sentences, but it comes to me one word at a time, neither do I understand the context while I am writing the words down.

After days, sometimes weeks, I transcribe the shorthand writings into longhand without changing or correcting a syllable. Each dictation takes about half an hour. I must stress that this could not happen forcibly or in a state of ecstasy. It all takes place simply and consciously, without any excitement or influence of my

own will. I can interrupt myself at any time and finish the sentence after hours or days without reading the previous writing the dictated words continue again.

My will is under no compulsion, all that I desire is to serve GOD and do what HIS Will wants me to do.

I can truthfully say that I was led into this Truth, and these concepts were, in all respect foreign to me. It was only after years that I found confirmation of what I received, when I came to know the writings of Jacob Lorber. No one can imagine my joy when I discovered the literature of Jacob Lorber; "The Great Gospel of John" and the "Youth of CHRIST" Then I understood that other people were given the Word of the Lord, that GOD had spoken to HIS children at all times and that GOD will continue to do this in HIS endless Love and Mercy.

I found in Lorber' s writings the same as was given to me. I often could not understand the word that came to me, but in HIS Love the Heavenly Father gave me the explanation. How wonderful are the innumerable manifestations in which the Father displays HIS exceeding great goodness.

It became clear to me that my short education, due to lack of money and my lack of time to read good books or visit performances, became my advantage. I could now concentrate on my work from early morning to late at night, and each day I received that precious spiritual Word without knowing for whom I received it.

It is because of my ignorance of the Bible and the Catholic doctrine that I accepted the Word from Above without resistance. In my experience an earnest Catholic or Protestant whose knowledge is rooted in dogmatic theories is too much bound to their dogma to accept and embrace Divine revelations without resistance.

Still there are scientists at several faculties who earnestly discuss these Divine teachings with increasing interest. Their interest does not only concern the irrefutable explanation of the origin of matter and the possibility of its dissolution, but also the principle of the wrong teachings of different religions, systems and confessions. In the messages I received these errors are recorded and everyone is urged to give instructions concerning these doctrinal errors whenever there is an opportunity.

But everyone is free to take the LORD' s Word to heart or not. But whoever understands the spirit in the Father's Word and does not act accordingly makes the distance between himself and the Father even greater. When he does not follow the warning words of Love he puts himself inevitably under the law. He will also in the same measure lack in Grace, disregarding GOD' s commandment of Love.

In GOD' s Grace people are led anew to the gospel, which emphatically points out the purpose of man's being. For the merciful Love of GOD seeks to save all who still can be saved before the turning point comes. And it will come. The end-time of which seers and prophets have proclaimed is now here. According to the revelations given to me, the LORD does not differentiate between HIS children. "Come ye all to ME" sounds HIS call and blessed is he who hears HIS call and follows HIM. GOD Loves HIS children. HE wants to make them all happy, even when they do not want to know HIM.

Creation of the beings and their fall... Appearance and purpose of the Creation...

B.D. 2100

Creation of the beings.... Wrong will....

Bear in mind that you are the living creations of the one who opposed God, that you were called into existence by the will of the God opposing power and that you are therefore children of sin.... God did not withhold His strength from this spirit who once emerged from His strength as a perfect being, hence he made use of God's strength and, by drawing on divine strength, let countless beings arise from his will, and this was your beginning.... You are the products of a wrong will and yet of divine origin, since only God's strength made you become what God's adversary wanted. And this is why you are subject to him as long as your will still strives for the same.... separation from God.... for this was the fundamental idea, the motive for the apostasy from God.... to be free from His power.... to be free and to rule over the beings. And thus the most illuminated being created by God descended into the deepest abyss.... it rebelled against God and tried to instigate all beings having emerged from his will to also rebel against God.... And his created beings succumbed to his will although they were able to freely decide which lord to acknowledge. The beings were in his power because they surrendered their will to him, which was subsequently abused by God's adversary by binding it and thereby enslaving the originally free living creations.... However, everything that emerges from God's strength has the urge for freedom, and in order to return this freedom to the beings God seized the beings from their maker's power.... He placed them in a free state into the spiritual world and gave them the right of self-determination.... The beings, however, also abused their freedom and also became sinful by taking the opponent's side. But divine strength is the fundamental substance of the beings, and divine strength must flow back to God without fail. And thus God wrestles for these fallen-away beings so that they will find the path to Him and offer Him their will....

Human intellect cannot comprehend that nothing can ever be lost which emerges from God; it cannot understand what an enormous task it is to lead that which had distanced itself close to God again.... Nor can human intellect accept that the power of God's adversary was so great as to create beings, and that divine strength did not intervene to change his will, so that he would have had to acknowledge God as Lord above himself and also order his products to approach God and comply with His will.... Human intellect cannot comprehend that infinite times pass by before the transformation of these living creations' thinking takes place and they recognise God.... And therefore God informs people through spiritual channels of the knowledge of which power was active during the creation of the beings who are now experiencing their embodiment on earth.... These beings voluntarily aspired to be in opposition to God and would never ever return to God again had they been left in the state of free will; and since they had been created by the wrong will, the wrong will was also within them and this consequently **had** to strive contrary to God, for they did not know the power which was responsible for their aspiration. And thus the beings were subject to their creator, they were something imperfect, enslaved and therefore alienated from God, which could not correspond to His will and nature.

God, as the most perfect Being, could not tolerate anything near Him which did not correspond to this state of perfection. Nevertheless, it was not the beings' own fault because they did not recognise the light as yet since they had emerged from darkness. God's love helped these beings and informed them of the light.... He gave them freedom of will by removing His adversary's power over the beings and thus freed the beings from his control. The imperfectly created beings, however, could not be changed by divine will to become perfect but had to decide for themselves, they had to strive towards God's presence of their own accord and distance themselves from the adversary. Due to their freedom of will they had been placed into a position to decide since they now knew about both powers. Yet their wrong will predominated and the beings turned towards their maker again and lost themselves to the darkness.... And God took pity on them, for the state of those without light was painful. His love wanted the beings in a happy state. And so He removed the beings' will and let them take an infinitely long path in a state without willpower which should lead them into perfection. And for this purpose God let the creation arise.... God shaped forms which were designed to shelter the passive beings.... Thus God created heaven and earth.... a spiritual and an earthly world, which was destined to be an abode for the imperfect beings until they had become perfect.... Now the beings were forced to discard their arrogance and bow down to divine will. They had to endure a state which represented a constraint for the spiritual being which formerly enjoyed its freedom. It was deprived of its freedom because it had abused it.... However, the path through the works of creation will bring it closer again to its previous freedom until it finally receives its freedom again when it is a human being, in order to then pass the test as to whether it will use its free will in the right way.

There is indeed a great risk that the being will not pass the test, yet such a test has to take place because the return to God is only of full value in free will.... thus it signifies that the being will come closer to God. The strength from God which was once used by the adversary for the creation of the beings will have flowed back to its origin, and at the same time the God-opposing will have changed into a God-resembling will, thus the being has become perfect as soon as it shares the same will as God.... The being, which had no knowledge of God when it was created, only recognised God's adversary as its lord; but now it has freed itself from his power and found the path home to its Father, from Whose strength it emerged.... Amen

Development of the soul.... Original spirit....

Spiritual substance matures during every developmental period, and one period can in fact suffice for the spiritual substance to progress through the creations to the point that it is able to embody itself as a human being and successfully pass its last test of will.... But several such periods may be needed for this spiritualisation of hardened soul-substances if resistance is so strong that its higher development is too slow and the existence as a human being carries an added risk of the soul descending into the abyss again. For free will, which is tested during the stage as a human being, is decisive.

But prior to this, free will is constrained.... Although the hardened spiritual substance is no longer subject to God's adversary's will due to this process of development through the creations of earth.... the individual substances are nevertheless unable to use free will, instead they are controlled by God's will, that is, their process of development takes place in a state of compulsion, they are subject to God's will, Who assigns a task to all spiritual substances within the works of creation. By accomplishing this task within the law of compulsion they gradually progress, i.e. their resistance lessens; they carry out a helpful function and are able to slowly reach the state when their free will can be returned to them. And this process of development requires constant changes of the external shape.... it is a slow ascent, it is an integration with the laws of nature and therefore a submission to God's will, if only due to a certain amount of coercion which, however, only helps to relieve the being and one day is meant to provide it with the freedom to think, want and act using its own will again.

And this process through the works of creation cannot be avoided if the spiritual being is to return to God again, from Whom it had distanced itself to such an infinite extent as a result of its apostasy that it would never be able to overcome this distance of its own strength, and would never be released by God's adversary to return either if God did not remove the spiritual substance from him for the very purpose of banishing it into matter, into the creations on this earth. God's adversary is entitled to the fallen spirits because they had voluntarily followed him into the abyss.... But God has the same right because the beings emerged from His strength. Hence God is justified in removing them from the adversary's control, but in return the latter was given the right to influence the soul again when it lives on earth in the stage as a human being. And to this end the spiritual substance must have attained a degree of maturity again when it is **able** to use its will in order to freely decide which lord to choose.

But God cannot place the spiritual substance into this state instantly, it has to cover the process of ascent in the same progressive stages as it had descended, it has to relinquish its resistance slowly, as it cannot forcibly be broken. And this requires innumerable changes of form, through the world of rocks, plants and animals to the human being.... Every change of external shape also lessens its resistance, for the being has been of service in a state of compulsion by which it gains increasingly lighter forms.... But the sin of apostasy from God is so vast that the distance from Him is therefore vast as well, which means that untold changes of shapes are needed to reduce this distance in order to come closer to God again, when only the last free decision of will is required for the last form to fall off.... for the being to return to the Father again from Whom it had originated....

And this whole process of development within the creations of earth is a continuous battle.... The spiritual substance tries to burst the external shape because it experiences it as a constraint, but each time it also experiences the rupture of the form as a relief irrespective of its level of maturity.... And this is why the struggle, which you humans are able to observe in the animal kingdom, only seems cruel in your eyes, whereas time and again every animal experiences the change of its external shape as a relief. For this reason God permits or even wants the weaker to succumb to the stronger, the stronger to terminate the life of the weaker and, in a manner of speaking, is thereby even able to serve the spiritual substance to continue its development. Therefore, as long as the being is subject to the law of compulsion everything is determined by God, its end as well as its new formation.... However, as soon as the being has reached the stage of a human being and has received its free will again, God withdraws His will.... And then the human being is given laws which he has to observe if his earthly life is to be successful.... On the one hand he is tied to the laws of nature, and on the other hand he is informed of God's will, to which he has to submit if his development is to progress and reach a conclusion, for the goal is to become free of every external shape and to enter the kingdom of light as a free spirit.... to return to the Father's house, to God, from whence the being once originated.... Amen

The beings' gradual higher development in Creation....

And thus listen to the following: When I transformed the beings, which I had once emanated as strength, into many different kinds of works of creation, it started the gradual higher development of these beings in their dissolved state.... **At first it was an incredible mass of spiritual substance which slowly took on form when My will solidified the spiritual strength into matter, ...**

B.D. 2494, 4.10.1942

Matter and Spirit....

What is the world and its matter.... this question occupies many people and yet they are unable to solve it by virtue of intellectual thought. Everything visible is matter, i.e. substance that has solidified as a form. The substance, as it were, only became visible due to hardening since previous to that it was invisible, that is, spiritual substance. Spiritual substance is God's emanated strength which, in accordance with His will, becomes what it is as soon as God has intended it to become a specific form. This form, in turn, is the unification of innumerable substances; hence it is a structure that can be dissolved to release every single substance again, if it is God's will. Consequently, any form can be destroyed, matter is something that has no eternal existence because it is merely the cover for spiritual substances which are intended to evolve and as a result don't stay in these covers forever. Although matter itself is also spiritual substance, i.e. in accordance with God's will solidified spiritual strength, it develops by means of continuous dissolution, dispersion and re-shaping so that it can, after an infinitely long time, occupy such a form itself too. Thus everything visible is spiritual strength that is still at the beginning of development, whereas the more mature spirit is invisible to the human eye and uses a visible form to live in.

Hence, in every form lives something spiritual, a being which is unconscious of itself but which longs for the unification with similar beings to increase the fullness of strength with this union, since every being strives for perfection. As soon as matter dissolves, i.e. when a form disintegrates, the released spiritual being strives towards equal spiritual beings which merge to give life to a new form. This process forms the basis for the uninterrupted becoming and passing in nature, it is therefore the cause of constant life and death in nature.... The spiritual substances pass through the whole of creation, partly alone, partly merged in immense numbers. Corresponding to these are the size and kind of the forms that surround them. Everything that encloses these spiritual beings is matter. But matter itself consists of spiritual substances which are at the beginning of their development and thus can be visible to the human eye because only the already more mature spirit is invisible. Consequently, everything visible must be considered to be imperfect, i.e. spiritual substance which is very distant from God, which is starting its way of development. The spirit concealed within the visible form has already travelled this way and now strives towards God. Therefore a destruction, i.e. a passing away or dissolution of the form, or the transience of matter, corresponds to God's will because it enables the spiritual substance to continue its development.... Amen

... and this matter was so differently natured again that it cannot be made understandable to you humans. According to My wisdom and My love I had devised a plan of Salvation for the fallen spirits which was to be implemented in the creation. The purpose of My creation was to induce the bound spiritual substances within to be of service, thus one work of creation was needed for another in order to make it possible for a gradual higher development to take place. The serving functions at the beginning of creation cannot be made conceivable to you humans.... only when the works of creation became somewhat more solidified some activity, albeit very slight, commenced. And every activity testifies to life, every activity achieves a change, therefore the forms also changed constantly, developing into ever larger works of creation, each one of which had to fulfil a task determined by My will and which was also carried out according to My will, because the spiritual substance was unable to resist My will. Therefore the creation did not arise in an instant through My will, instead, the spiritual substances, or 'transformed strength', bound therein covered a slow path of development so that its resistance gradually subsided which manifested itself in being of service which, admittedly, still happened under My law of compulsion but nevertheless proved a reduction of opposition.... And so the process of higher development through the mineral, plant and animal world until the stage of a human being, has been explained to you such that the external forms constantly released the bound spiritual substances within, which linked up in order to take abode in a larger form again and continue their service, until all tiny particles belonging to a fallen original spirit had come together again and were able to embody themselves as 'soul' in a human being.... But just as it happens in the animal world, that, after dying, the smallest living organisms join other spiritual substances of the same degree of development and enter a larger external shape, so the process of development continued, and My love and My wisdom constantly created new forms which were able to accept the destined spiritual substance.... In nature you look upon this as 'evolution' of a small living being into an ever larger one.... Yet first I had to create a new form which previously had not yet existed. And although these forms constantly became larger and resembled the previous forms, it always involved an act of creation on My part which, however, could not be observed by people because no-one endowed with intellect and free will populated the earth as yet.

However, My eternal plan was definite, therefore I also knew about the living creation which was intended to live on earth as a ‘human being’ for the purpose of taking its final test of will.... And thus the spiritual substances which were still bound in the various works of creation were continuously placed into new creations the closer the individual being’s spiritual substance approached maturity.... The works of creation became increasingly larger.... which is not to be understood in terms of physical size but the individual living being’s constitution, their functions and their abilities are referred to in this instance.... Yet each new living creature was the work of My infinite love and wisdom and omnipotence.... which subsequently reproduced itself but always remained the same creation as I had externalised it.... Do understand that no living being will change its constitution, and where you believe you notice a change or further development, its emergence has been an act of creation on My part. Thus every human-like creature inhabiting the earth before the creation of the first human being always were new creations which, however, remained the species they were created as a product of My omnipotence. And since the bound spiritual substance within them constantly developed further, My will also created an increasingly **more** human-like external form, yet this creation was always based on **My will**, which manifested itself as **natural law** again.... what you humans now describe as the natural evolution of the beings.... But the **human being** can never be regarded as a product of natural evolution, for he is a separate creation, having emerged from My omnipotence, love and wisdom and being designed such that he shall and is able to fulfil an eminent task on earth. Even if you try to train the most intelligent animals to think and decide independently you will never succeed, for the abilities possessed by a human being are not hidden in any animal, for the human being is the only life form on earth in possession of thinking ability, intellect and free will.... which can never be slowly developed nor are they attributes of a creature’s gradual higher development, instead it merely proves that the human being is a work of creation in its own right, called into being through My will and My power in order to accomplish a task. And it was only possible to place the creation work ‘man’ into the world after the once fallen original spirits had already covered the gradual higher development through the creations because the human being was intended to shelter one such fallen original spirit within himself as soul. The word ‘development’ only ever applies to the sheltering or bound spiritual substance in every work of creation which has to go through this upward development, whereas the material works of creation must always be regarded as acts of creation, because My will brought these external forms into existence in order to serve the spiritual substance as external shapes, which themselves should advance through being of service.

The fact that **My will** simultaneously also signifies ‘**natural law**’, which no work of creation can resist as long as it does not yet shelter a spiritually mature being like people do, will also explain the word ‘development’.... but it will never justify the allegation that the human being evolved by himself.... for he was a separate work of creation which My will and My strength of love brought into life.... Amen

Pre-Adamites...

B.D. 9015

14.7.1965

Pre-Adamites....

Long before the first human beings lived on earth, who were equipped by God with free will and intellect, human-like living creations whose task it was to make the earth habitable for the succeeding human race already existed. They did their work instinctively, i.e. driven by natural law.... in order to sustain themselves, they gathered fruit, harvested field products and built dwellings for themselves.... they did everything which instinctively was of benefit to them.

Yet they could not be held accountable for their actions, for they were not yet embodied by a soul which contained **all** the minute particles of a fallen original spirit. These beings were already very much like human beings, they had the same bodily form, yet they were neither self-aware nor able to communicate with each other, only their desire for self-preservation was strong and they often lived to a great age. In a manner of speaking they were of service to creation by contributing towards changing the earth's surface which became ever better prepared as a suitable abode for the needs of human beings. However, these beings were not yet given a task, they merely served the still imperfect original spirits as a final opportunity to mature, which they then were to continue as a human being with free will and intellect.

Hence these prehistoric people.... the Pre-Adamites.... could not be considered real 'human beings', for their nature, their appearance and their every activity was more in line with an animal, which is still far behind in its development, only the form was similar to a human being. This is why later people named these living creations prehistoric-man, but which could not be compared to the human being in possession of free will and awareness, which he was also meant to use intellectually in the right manner.

Nor can it be said that the human being evolved from this Pre-Adamite, since the human being was a new creation which God only externalised after many of the first original spirits awaited their embodiment. The prehistoric being was one of many creations which all had to serve their purpose of preparing an abode for the later appearing human being that would guarantee him a carefree earthly life. The Pre-Adamites were those human-like beings which could not be held responsible because they lived instinctively, like animals.... who lived on earth long before human beings.... who were not self-aware and could only live in groups.... who thus could only be found where human beings would later settle, for whom they prepared the specific area with their consistent activity. This was the beings' innate characteristic and expressed itself by cultivating large areas of fields, by systematically sowing essential substances and by harvesting such stretches of land.... They did this entirely unconsciously, resulting from a natural instinct of self-preservation.... They fought each other and the stronger won. And thus they also contributed to the fact that constantly new spiritual beings incarnated themselves, if only for a brief period of time, to prove their strength, when more or less strong impulses asserted themselves which gradually weakened the longer they lived and then also slowly attained the maturity which enabled them to enter their final embodiment as a human being.

Thus human-like beings had already existed long **before** the first human beings, but they cannot in any way be related to the real human beings. They were comparable to them in their external shape but they existed like animals.... in their instincts as well as in their manner of procreation, which evolved in line with their soul-substances, and were one of the many works of creations which disappeared again after they had completed their earthly task, thus the beings no longer required such creations, and they subsequently became extinct like so many creations which earth had sheltered for a while in order to make place for new creations....

But it cannot be said that the modern human being evolved from these prehistoric creations, rather, he was and is a new creation, endowed with free will and intellect, which then had to prove itself, thus he also received his self-awareness again. To what degree the Pre-Adamites could also use a certain amount of intelligence merely depended on the degree of maturity of their embodied soul-particles which, however, were unable to think and only expressed their intelligence through their active work, thus unconsciously.... This activity nevertheless produced the greatest works of wonder, as can often be seen in nature that paths were created for these beings to reach one another, that they created gorges and underground passages and thus created the first prerequisites for the human race so that the latter could then live the right kind of life when the time had come for the first

original spirits to embody themselves as human beings.... The more people spread, (original spirits awaited embodiment), the more the prehistoric beings began to disappear which, however, only ever happened in stages, until the human race began to populate the earth and their probationary period began, when every once fallen original spirit had to prove itself, and therefore the human being has to be equipped with self-awareness, intellect and free will in order to travel the path across earth which will lead him again to the Father from Whom he once originated. Amen

Time estimation not possible for people....

I will always avoid allowing you to feel abandoned by Me, for you shall turn to Me with all your needs and cares and you will always receive an answer, because I know what troubles you and I Am always willing to take them from you if you trustingly hand them over to Me.... You need not worry in the slightest for I will think on your behalf, I know what bothers you and what questions come to your mind....

Infinitely long periods have passed during which people already inhabited the earth, for the estimation of time you deduce from the Book of the Fathers is only warranted insofar as it shows the respective spiritual state of the people at the time, but that humanity inhabited the earth for an extremely long time already.... that only those happenings were recorded for their orientation which were of significance for humanity's development.... but that it is no longer possible to determine the duration of these times, you would never come to the right conclusion. However, this much is certain, that although many earthly periods have passed by already, the human being is still the same creation today that he was then.... that he was able to use his intellect from the start and that he was always troubled by the same problems which still bother people today, as far as they concerned the reason and purpose of their existence. For the gift to contemplate such things was given by Me to people from the start. Even in those days people discovered signs of pre-historic creatures already although they did not acknowledge them as their own kind since they differed considerably, and the first people knew that people like themselves had not existed before them, for they recognised themselves as a new creation, they knew that their existence had started an act of creation which had not happened before....

They knew that they were able to talk to each other and that it was possible for every created human being to communicate with his fellow human beings. Besides, pre-historic beings were not known to them, nor did they know all the pre-historic creations they had to pass through themselves before they were allowed to embody themselves as human beings. Yet at no time have pre-Adamites lived together with people on earth, because they became extinct before people appeared on earth. Coexistence could never have taken place because it did not correspond to My plan of eternity, which could not have created something imperfect at a time when the perfect human being should prove himself as the crowning glory of creation. For the human being was unconscious of all pre-historic creations, he did not know his long process through the works of creation on earth, and thus as a new creation he had to be perfect and capable of receiving a soul, because the human being started a completely new path on earth with the goal of final unification with Me. The fact that the human being, due to his own fault, failed to reach this final union is not related to the process through the previous stages, for every soul which is permitted to embody itself as a human being one day has also reached the degree of maturity which allows for such an embodiment.

But it is impossible for people to establish the precise duration of humanity's existence on earth, nor will they receive clarifications in that respect because it is irrelevant how long people have lived on earth already, and by the same token it cannot be established when those pre-historic people lived. However, it is certain that they preceded the human being, that ages ago they dwelled everywhere as a creation which likewise served the maturing of innumerable tiny particles of soul, and thus they also contributed towards the higher development of these tiny particles which subsequently were allowed to embody themselves in a human being again. You humans can no longer establish it timing-wise, nor will it be possible for you, you can estimate an approximate period but will never know as to whether it is correct, for every single human being's live-span is limited. My creation, however, has existed for eternities, which will indeed remain eternities for you until you reach the light one day.... Then you will know that even the concept of eternity is but a fleeting moment for Me.... Amen

Prehistoric people?....

You only need to turn to Me with an appeal to grant you an explanation and I will not hesitate to answer. You don't realise that the act of creation has taken infinitely long periods of time, for you judge by your present concepts to time, **whereas the act of creation necessitated eternities, which is rationally impossible for you to understand.**

B.D. 8770, 4.3.1964

The process of creation has taken eternities....

The process of creation was not the work of a moment, even though it truly would have been within My power.... but then creation would have missed its purpose, since it was intended to ensure a gradual development from the abyss to the pinnacle and therefore continued for an infinitely long time. Hence you humans should understand that the description in the Scriptures, in the Book of the Fathers, only informs you of this act of creation in a pictorial manner, because people who still lack deeper awareness would be unable to understand the true process, and it is only intended to teach them that creation once came forth from My hand, that it was and is the work of My will and My might....

Anyone who wants to delve deeper will also come to a more profound understanding. At first it is only necessary to know of a Power Which brought everything into existence the human being can see around himself, as well as the creations he is unable to see. Before the far-reaching correlations can be explained to him he has to know about the original beginning of what My strength of love emanated as independent beings.... And he has to know about these beings' apostasy from Me and the immense original sin with which the beings were then burdened. Only then can the emergence of creation and the process of return through creation be explained to him. But anyone with an unenlightened spirit will hold on to the letter and will never clearly understand it since he is not open to instructions by spiritually enlightened people either.

Every work of creation required an infinitely long time of preliminary development which, however, always related to the spiritual substance which should progress within a work of creation.... It had fallen so low that it also needed an endless length of time in order to ascend again within the various kinds of creations.... from the most primitive to the most beautifully formed works brought into existence by My will in order to shelter the spiritual substance and enable its path of ascent.... And therefore the creation work Earth, too, was, in the beginning, a mere cluster of utterly immature spirits whose substances gradually condensed to form a mass which could not yet be described as hard matter but had to be understood as basic elements, without form but with tremendous effect of strength, for they contained totally uncontrolled spiritual substances. Yet My wisdom distributed everything in the right measure and used every element for My creative work, so that separate forms arose which had to comply with their destined purpose; and thus began the slow construction of the visible works of creation which continued for an endless time until the earth started to show vegetation and increasingly more mature spiritual substances were able to occupy those creations to travel the path of higher development in this plant world. Then followed the first living beings.... creations, which could already perform a certain, albeit very small, task imposed on them by natural law.

And, again, an infinitely long time of development passed from these minute living beings to the world of animals which included ever larger and stronger forms, in which many spiritual substances had already come together and united in order to keep fulfilling the task of cultivating the earth for the final crowning work of divine creation.... for the human being.... who had to pass through all those preliminary stages and whose soul now is the composition of all those tiny particles which belonged to a once fallen original spirit and which, in a dissolved state, had to go through all works of creation in order to gradually evolve again in this way.

Consequently, the human being could not have been created at the time of 'creating the world'.... just as **all** works of creation have never been My instant work, precisely because the **slow** advancement had to proceed first or the whole of the creation work would have been meaningless and without purpose, for it did not come into being for My sake but for the sake of My fallen living creations and thus was also meant to fulfil the purpose of leading the fallen spirits back to Me again. And yet, every work of creation was My externalised thought which was always implemented when the spiritual substance had reached a certain degree of maturity and required a new form in order to continue its path of development. And thus different creations arose periodically. The plant world only became necessary when the world of rocks released the spiritual substance which then required a new and lighter form.... And likewise small and minute living creations arose after the creation of the plant world.... And only I knew when one was necessary for the other, and I also knew how much time the larger living creations, the animals up to the Pre-Adamites, would need to mature their embodied soul-substances. Hence I also knew when the time had come that the individual tiny particles of the spiritual being had merged again in order to embody itself as 'soul' in the last form. Then I externalised a work of creation again.... the human being, whose external shape is so skilfully created that a maturing to final perfection will be possible. And this creation of the human being also occurred an infinitely long time ago, which you humans cannot establish since your concept of time is still limited, but My work of return has already lasted for an eternity. And although eternities had passed before the appearance of the human being, before the earth with all its works of creation was ready for the human being to take possession of it for the purpose of his final maturing, this point in time is also very remote, because time and again periodical immense upheavals and changes occur on earth which make it impossible to calculate the duration of time since the beginning of earth and of the human being.

But this is certain, you humans will only be able to gain a real insight into My eternal plan of Salvation when you have attained the appropriate degree of enlightenment yourselves.... For until then you will be intellectually incapable to envision the length of time for which the concept of 'eternities' could be applied.... And for as long as your spirit is still unenlightened it has to be explained to you in an illustrative manner.... Only an awakened spirit will be able to gain deeper insight, yet ultimate wisdom will only become explicable when it enters the kingdom of light where everything can be revealed because everything will then also be comprehensible.... Amen

...Hence you are right in your assumption that the pre-Adamites lived long before the human being.... who was recognized as the true human being due to his self-awareness, intellect and free will. Yet this does not exclude the fact that these human beings had no knowledge of pre-historic people, they knew of their existence but described them as having lived long before themselves. But this only happened after the fall into sin, when I sent beings of light from above amongst people which enlightened them as to their past process through all creations.... Prior to this they had no knowledge of it at all, and thus no idea about these human-like beings because.... wherever people were created.... these beings had become extinct. However, since the growth of human population advanced only slowly.... in keeping with the matured original spirits.... the process of creation continued over a very long time, and thus the earth was not inhabited by people everywhere at once, whereas the pre-Adamites only became extinct when the creation work 'Man' began to appear.

Pre-historic people therefore have never lived with human beings together at the same time, but the human being was created at different times since the conditions on earth, too, varied quite considerably and needed this diversity, because even the original spirits developed differently, which is not quite understandable to you humans yet. It is not as if people were instantly created on earth, instead, everything took place such that one can speak of periodic creation, and every period brought forth such beings until the human being with self-awareness, intellect and free will appeared as the last work of creation. If I now use the term 'at the same time', then I mean the same period of creation which, however, was so long that it cannot be expressed with numbers.... but that these pre-historic beings preceded the real human being because no concept of time exists for Me and to Me a thousand years are like a day. And the whole act of creation took so long that people can no longer determine the length of time, only the fact that everything developed, from matter to the mineral and plant world.... through the animal kingdom up to the human being, but that I also always created a new external shape for the tiny particles of soul as they developed further.

Hence, the expression 'they developed into the next being' only relates to spiritual development, yet every external shape was a new creation which always vanished again once it had completely fulfilled its purpose, on account of which so many beings disappeared again once human beings came into existence who were able to create and shape according to their will.... Thus people did not live alongside pre-historic beings, but that does not rule out that they didn't inhabit the earth at the same time, they just lived so far apart that they had no knowledge of them, because the time had not yet come for the human being to find the right living conditions he needed in order to survive there. Just one thing has to be clarified, that the earth was not populated at the same time with fully responsible people, they came much later, whereas the pre-historic people still existed wherever the earth was not yet sufficiently developed. It is difficult to give you humans an idea as to how the whole work of creation took place, for you are neither able to imagine the length of time in which this work was completed nor the immense space that had to be populated by the small particles of soul of the fallen original spirits.

This required great diversity which was entirely achieved by My thoughts, so that I saw everything as a minute work of creation before Me and it simultaneously arose as finished work.... so that the creation took on ever larger forms wherein the soul particles were to mature, and it was teeming with creations of the most varied kinds.... so that I placed every work of creation where possibilities to mature were given. And thus the pre-historic beings were a creation which I placed wherever the future human race was sooner or later expected to take possession of the earth in order to bring its developing process to an end. But that the earth should exhibit the same conditions everywhere was not intended by My versatile creative will, and even today there are vast stretches of land where no human being can exist because he lacks the conditions to survive, for which I have My reasons. Yet it is certain that the human being's external shape was a work of My love, that I created Man after My image and that his soul, too, shall one day become My image again which, however, was not the case with pre-historic people, they were unable to develop into the human being as he is at present, irrespective of whether he attains spiritual maturity or not.... Amen

Adam...

Was Adam the only human being created by God?....

But now the question will arise in you how the whole earth came to be populated with people.... This is a valid question, for there were many original spirits when the first original spirit Adam embodied himself, and all of these original spirits wanted to continue their course of development and engender themselves as souls in a human being because they knew that their final return to Me could only take place in this way.... And I also gave human covers to those original spirits who consciously wanted to take the path across earth.... I created a large number of human beings, for only one thought by Me sufficed and every fully matured original spirit received its external form, and each form was physically created such that procreation would take place in accordance with My will, in order to continually provide an opportunity for incarnation to the souls which were also gradually reaching their full maturity. But I restricted the regions of the first forefathers.... You should understand that I allocated the prepared land to the human beings....

Yet the **first** people.... Adam and Eve.... had to take the test of will, and as a result of their fall the whole human race became weakened. The disobedience against My divine commandment had, due to My adverse spirit Lucifer, likewise arisen in those original spirits, and the hereditary sin.... which consisted of changing the pure, divine love into selfish love, was repeated in these human beings too, for My adversary tempted all people, and his enticement succeeded because people still had too little knowledge of him who wanted to cause them to fall again. And people spread across the entire earth, but Adam was and remained nevertheless the founder of the human race, and people were informed of the descendants of **his** house and the following generations were recorded until the birth of Jesus, Who descended to earth as a result of the inherited sin in order to redeem humanity....

Since Adam, after Lucifer, had been the first fallen original spirit, he was also the first to be embodied as a human being, and if he had observed My easy commandment he very quickly would have shed his external form, and all other original spirits would soon have given up their resistance as well, they unconditionally would have given themselves to Me, and their return to Me would have been guaranteed.... Yet his disobedience was another opposition to Me, it was a repetition of the first sin of rebellion against Me.... However, owing to Adam's fall Lucifer had regained power, and he used it on each generation which, being as weak as Adam, did not resist and remained weak until Jesus arrived in order to help them.

You humans should know that I populated the whole earth because many of the fully matured original spirits desired their last embodiment on earth and because every one of these original spirits was entitled to undertake the final test of will within the human being.... There were a large number of them, and every one had many followers, original spirits which had followed him and time and again joined him again. And for all these I chose the living conditions which suited their various inclinations, and thus, having created its human external form, I placed every original spirit appropriately, consequently reproducing himself corresponding to My will and My natural law.... The procreation method was the same everywhere, which is why I always joined the original spirit with a second spirit....

Thus the creative act of the first human being was repeated time and again in regions which were inaccessible for the individual human tribes, for My creation of the earth had been so comprehensive that the process of further development everywhere necessitated the original spirits to incarnate in the human being and for this I created the first prerequisites And only after a long period of time had passed did the various tribes make contact with each other.... Their spiritual development, however, had advanced entirely differently.... all depending on the degree of love within each person. But they all can be instructed by Me Myself when their resistance diminishes and My commandments are heeded again, and the human souls will come to full maturity, for the divine Redeemer Jesus Christ accomplished the act of Salvation for **all** human beings, and the knowledge of it can also be brought to **all** human beings through people or through the working of My spirit.... Nevertheless, Adam's direct descendants will accept this knowledge more easily and hence belong to the human generation which will find redemption while still on earth, so that the souls will be able to become free while still on earth if they accept Jesus Christ's act of Salvation Who, apart from the original sin, also took Adam's past sin upon Himself and thus purchased humanity's salvation from My adversary through His death on the cross.... Amen

Was Adam the only human being created by God?....

(Continuation of no. 8236)

You are most certainly working according to My will when you distribute the spiritual knowledge which is conveyed to you from above. For it is important to provide clarification to many more people who genuinely want to receive it.... Time and again I tell you that people have considerably diverted from the truth but that they hold on to their wrong thinking because even a **correct** clarification does not seem acceptable to them. However, it is the time of the end, and the length of time from the start of a period of Salvation until now is too long that evidence could be produced regarding the events which took place when the first human beings took possession of the earth. Yet even the first people themselves lacked a correct realisation, since they were burdened by the original sin, from which they could have liberated themselves had they passed their test of will.... They were spiritually still unenlightened and unaware of the correlations between the spiritual and the earthly kingdom, since due to Lucifer's temptation they changed their love when the pure spark of love from Me became clouded due to their fall into sin.... otherwise it would have been impossible for people to descend ever further until the human race, Adam's descendants, lost itself in unbelief, for the sin to get out of hand.... They didn't recognise the correlations and lived a purely earthly life. And although time and again beings of light embodied themselves on earth, too, in order to give people instructions and explain the purpose of existence to them their thinking nevertheless remained limited, and thus **limited** thinking was then also reproduced, the condition for profound wisdoms didn't exist.... which includes My reign and activity throughout the whole of Creation. But neither did people's limited thinking allow for such clarifications relating to the broad scope of Creation, which can be noted on earth alone and which My might and wisdom, My love for all created beings always and forever animated with the apostatised spirits, which were to accomplish their return to Me on this said work of creation called Earth. And according to their narrow field of vision they also only described the narrow region which they themselves occupied.... And an account was given of the earthly process of development since Adam and Eve, the ancestral parents which, however, does not mean that the same happened in other places on earth, since these were still so far apart for the first human beings and partly separated by large areas of water, that every territory was a world in itself where the once fallen spirits were able to mature and embody themselves in a human being.

However, every nation has a different idea about its origin, its emergence and its concept of God. And neither does it lack teachers which descend from above, so that people also perceive their earthly task to strive towards an as yet unknown Deity, to call upon it and to endeavour to live in a good and righteous way. And as soon as they develop divine love, unselfish neighbourly love, within themselves, their thinking will also come close to the truth.... Yet time and again it has to be emphasised that all nations endorse different schools of thought but that the knowledge about Jesus Christ and His act of Salvation has to be taken to every single nation so that their liberation from the body can **still** be completed **on earth**. And although the various schools of thought and religions do not match each other, the teaching of love in each one will nevertheless be the decisive factor, and maturity will be attained by the one who lives up to love, and the disposition for this is indeed inherent in every nation.... But people will intensify and deepen their contact with each other around the world and that also means that they can all be informed of Jesus Christ and His act of Salvation, so that He can be acknowledged and the dedication to Him can follow, which then will also lead to unity with Me, to the return to Me, and that release from the physical form will be guaranteed, so that the once fallen original spirit reaches its goal and returns home again into its Father's house to be blissfully happy, as it was in the beginning.... Amen

Adam.... Original spirit.... Lucifer's test.... Bursting the form....

Anyone who strives to arrive at the truth leaves all darkness behind him, he will have an explanation for everything, he will know the correlation between all things, he will recognise that his path leads upwards, that he has found the connection with God, that he cannot err anymore because God Himself conveys the truth to him. But striving for the truth means that it first has to be sincerely desired, and then the knowledge he receives.... be it from outside or from within in the form of thoughts.... has to be accepted with an open heart. For the heart will be willing to either accept or reject truth and error and thus influence the person accordingly.

Truth has to be aspired to in so far as that the human being's will has to be actively involved.... it cannot simply be given to a completely passive person who does not want it himself and who will not take the necessary steps in order to gain it. For then he will remain in spiritual darkness and not achieve progress. Truth, however, is the ascending path.... Truth is the spiritual knowledge conveyed to people by God Himself which tries to find a recipient in every human being, which can be acquired by every person's will since it can be imparted to people in many different ways.... but it always has to be desired first. But anyone who has gained the truth no longer lives in darkness, everything is crystal clear to him, he no longer doubts, for whatever is still unclear will be explained to him when he asks for it providing he turns to the source of truth.... providing he submits his doubts and questions to God Himself and then awaits God's answer through his heart.... The desire for truth, the mental contact with God and his inward listening also ensures him a clear and truthful answer. You humans should know that no unsolved questions need to exist for you providing you just want an explanation and present every question to the One Who is truth Himself and Who also wants to impart it to His children in order to enlighten them, in order to illuminate their path of ascent:

The body of the first-created human being was also an act of creation by My love. I **then** had to create an external shell for the fallen spirit once it had worked its way up from the abyss to a point where it was able to undertake its final test of will in complete freedom.... I had to create forms for all My once created original spirits whose previously dissolved substances had come together again after an infinitely long period of time and who, therefore, as self-aware beings once more, were waiting for permission to become active.... Creating the external form of such an original spirit was no **different** than the countless many works of creation which had previously arisen.... it was My externalised thought which, through My will, appeared before Me already completed. But giving life to this created form was only possible by permeating it with My strength of love....

The originally created spirit, however, **was** My emanated strength of love.... Hence it only needed to take possession of the external form in order to turn it into a living being. The spirit was close to its perfection.... and yet far from it because it lacked final realisation.... because the sin with which it was burdened had completely deprived it of all knowledge and in this state it needed instruction and commandments.... thus it was to gradually mature into realisation by complying with these commandments.... A great spiritual battle had taken place earlier because a large number of fallen original spirits wanted to occupy My first created form.... For they knew that they could only gain access to Me again in the body of a human being, that they would only be able to gain unimaginable abundance of strength and light through a test of life in which they were to prove how they would utilise the strength at their disposal.... But I Myself chose **which** original spirit should take abode in the first human being.... For only I knew whose opposition to Me had weakened such that the final test of earthly life could be imposed on him; I knew whose will could have resisted My adversary's power. Therefore I chose an original spirit which had once taken a leading position during the spirits' apostasy.... which was indeed more heavily burdened by sin but which My love very much endeavoured to regain, for countless beings would likewise have followed it and the redemption would have progressed far more rapidly.... I have known, in fact, since eternity that this original spirit would fail.... Nevertheless, due to its changed will during the preliminary stages it was the strongest spirit, thus it was also **entitled** to be the **first** to receive the state of free will, and which therefore offered the best prospects of passing the test of will....

The form of the first human being was.... before this original spirit occupied it, also visible to Lucifer, who certainly knew that this form was the gate from the kingdom of darkness, from his realm, into My kingdom, into the kingdom of light.... He also knew that.... if he didn't want to lose his followers.... he had to use every means to wrest the souls back from Me during the human being's approved probationary period, in order to turn the test to his advantage....

My created form was still without life when Lucifer seized it in order to test it by animating it with his spirit.... yet his untamed spirit burst the form, and he was sure that every spirit banished into this form would burst it and that there would never be any danger of loss for him....

I allowed this test to happen and then proved to him that his assumption was wrong.... For due to its long process of development the **very** spirit which was to embody itself in the human being no longer shared Lucifer's will, it willingly occupied the final external form, and since this original spirit was close to its original state it did not consider the external form a shackle to prevent the fall into sin.... For it was master over all of creation, it could rule like a lord over the earth which was at its disposal with every creation.... It had abundant might and strength.... only subordinate to My might, which only gave it an easy commandment, the obedience to which would have broken any constraint imposed on it....

And when Lucifer realised this he thought about ways to stop the human being from obeying this commandment, and since he knew the first human being's body he tried to make him dislike it by portraying it as a shackle.... by making freedom from it dependent on **transgressing** this commandment.... and thus incited the original spirit to inwardly revolt against Me again for not having given it complete freedom.... It was a deliberate deception which the first human being could have resisted by merely adhering to My simple commandment.... if he had been satisfied with his possession of might and strength which made him truly happy until My adversary aroused an impure desire in him.... to be greater than the One, Who was a perceptible power above him.... of Whom he knew and Whose commandment he nevertheless disregarded....

The first human being's fall into sin was therefore a repetition of the original spirit's first fall. It followed Lucifer and drew innumerable beings into the abyss with him.... just as all descendants of the first human being were afterwards also placed into the weak state of sinful people until Jesus Christ came to their rescue, until Jesus Christ acquired the strength of will on behalf of humanity through His crucifixion, until Jesus Christ opposed Lucifer's temptations with His strong will and defeated him....

Nothing could have induced the first-created being, Lucifer, to cover the earthly progress as a human being as long as he still considered himself lord of the spiritual world which had deserted Me with him, for he himself did **not** take the course through matter, through creation, before the creation of the first human being.... As a spiritually tangible spirit he was volitionally still My strongest opponent, he deemed himself lord over the creation which sheltered the spiritual substance that belonged to him, although he himself had no influence over it. His inner resistance was still unbroken, and he would never ever have put up with any coercion, he would never voluntarily have entered a form created by My will.... because he hated all forms for the spiritual substances, all works of creation, and sought to destroy them.... However, his power over the works of creation had been taken away from him, but then he was granted influence over the soul when this was to make its free decision again for Me or for him.... He also knew that he was unable to destroy a form himself once it was inhabited by spiritual beings, and for this reason he inspected the first human being's form **in advance**, for his goal was to induce the original spirit which was to occupy it to destroy its own external form.... because he believed that he would thereby provide it with the freedom which I had taken away from the spirits due to the works of creation.... He wanted to stop Me from completing the plan of Salvation.

The opposition between Myself and him existed ever since his apostasy and will never be given up by him until he realises that he is completely powerless, and in profound weakness and humility appeals to Me to give him strength.... For this reason it would have been impossible to give **him** the first human body as an abode. For his will did not aim for ascent, whereas the past resistance to Me by the spiritual essence, having passed through creation in the state of compulsion, had already diminished and it was merely to prove just once more that it had abandoned its opposition to Me and My strength of love. And Lucifer knew how far this spiritual essence had already distanced itself from him, and he also knew that there now was a risk of losing it entirely. And since the original spirit embodied in the first human being had once been his staunch supporter he was particularly interested to bring it to fall.... But he also knew of its present desire to become free from every physical restraint....

And then I placed a second being at this original spirit's side, which simultaneously was to support but also help him with the test of his will. Each one could have supported the other to arrive at the final objective; I did not place the responsibility on one shoulder **alone**.... I gave the commandment to both, and both were able to attain the goal together.... And this second being was used by Lucifer, who recognised its weak will and thereby hoped to achieve his objective.... The test of will had to be demanded from the first human couple, and in support of this test adverse forces also had to be active, for Lucifer fought for his living creations too, which he did not want to surrender even though they belonged to Me as well. His plan succeeded, nevertheless, it did not stop Me

from giving countless beings time and again the opportunity to take on a new form in the human beings of this earth and thus to achieve an ever higher degree of maturity even if, due to the fall of the first human couple, the gate to the kingdom of light remained closed until the arrival of Jesus Christ

The first sin had delayed but not cancelled the spiritual beings' redemption, for what the first human being had failed to do was achieved by the human being Jesus.... He was stronger than My adversary for He availed Himself of My strength.... He was and stayed in contact with Me through love and voluntarily accomplished what the first human beings did not fulfil as a commandment.... He completely subordinated Himself to My will and proved His devotion to Me through His suffering and death on the cross.... He knew of the original sin and the first human beings' repeated guilt, and in order to cancel this guilt, in order to redeem humankind, He offered to bring Me a sacrifice, which was satisfactory to Me.... a sacrifice, which opened the gate to the spiritual kingdom again, the path to Me, and now enables all My living beings who acknowledge Him as Son of God and Redeemer of the world to become blissfully happy once more.... Amen

What would have happened if Adam had not failed?....

Every spiritual question you ask Me will be answered by Me. But first of all you ought to know that it was not My will that you should experience such an extremely difficult earthly life. The time you spent with a constrained will.... in the law of compulsion.... would truly have sufficed Me, for this time was so appallingly long that it should have been enough for you to unite with Me again.... but I had to demand the last test of will of you as self-aware beings.... as human beings. You were only meant to give yourselves to Me voluntarily, and thereby you would have cancelled the immense sin of the past apostasy from Me.... You were meant to prove your love for Me, since you had previously resisted My illumination of love....

For this reason the first human beings were created well, they were devoted to Me in love, for I had provided them with everything, I gave the earth to them as their own, I subordinated everything to them, they recognised Me as their God and Creator.... they were surrounded by magnificent works of My creative power.... they could take pleasure in them.... everything was only done so that they could sing their praises and give thanks to Me.... so that they could offer Me burning love, and they themselves harboured no evil thoughts either.... Yet I also had to endow the first people with free will, since they had emerged from Me as original spirits, which are unthinkable without free will. And since they had once turned away from Me and voluntarily followed My adversary into the abyss, he had the same right to influence the first people, because they had to use their will to make the decision again whether to follow Me or him.... And they failed this test of will, which they could have passed easily, and thereby they reawakened all evil instincts which they had already overcome before their embodiment as human beings.... After that, the first parents passed their characteristics on to the following generations and it became ever more difficult for them to free themselves from the adversary's bondage.

However, if the first people had passed their test of will, which would not have been too difficult, I would have been satisfied with the infinitely long path they had travelled beforehand.... Successive human beings would have equally voluntarily given their love to Me, and then they would have lived on earth simply to take pleasure in its creations.... They would only have exerted a good influence on all creations so that they, too, could embody themselves as human beings. Earthly life would then have been a preliminary stage of eternal life, the opponent's power would have been broken, because the first human beings would have given themselves to Me entirely consciously and thereby would have excluded the adversary completely, who then could no longer use his power and soon would have given himself to My love as well.... Thus, the first people were only required to voluntarily accept My illumination again and the original sin would have been abolished, for only love was able to atone for this sin.... But then the sin was repeated.... and what previously had only applied to the constrained spiritual world in the creation now befell all of humanity....

What the first people could have achieved with ease had they orientated their will correctly now became infinitely difficult because all satanic attributes became entrenched in people and required immense strength to fight, which could no longer be mustered by people's will. Hence the act of Salvation by Jesus Christ, the spirit of light, became necessary, Who volunteered when He realised that the first people had failed, Who offered, voluntarily.... due to love.... to suffer and die on the cross in order to atone this now twice committed sin. I certainly knew from the start that this second fall into sin would take place but I did not want people to take such a painful path yet I could not enslave people's will either. And since I know that I will regain all beings again one day.... since a thousand years are but a day for Me.... since it concerns eternal life in beatitude.... what you will also recognise one day.... you need not doubt that one day you will be free from those agonies, but then you, in utmost perfection, will also enjoy the glories which will make up for all past suffering and which cannot be compared to earthly concepts.

You should always know that I did not determine the unspeakable suffering which people thus caused for themselves since the fall into sin by the first human beings, that I truly gave the first human couple (the first human beings) every opportunity to make his/their free decision of will an easy one.... that I only gave him/them an easy commandment which he/they could have fulfilled.... if his/their love had been strong enough to decide to give himself/themselves to Me.... but that this heartfelt love would then also have seized all successive people so that they, too, would have been able to resist My adversary's every temptation. But the second fall happened and burdened all following people again until the divine Redeemer Jesus Christ descended to earth in order to openly fight My adversary. For he misused his power by driving people into ever further heartlessness, weakening their will consistently, so that they were no longer able to liberate themselves without the act of

Salvation but descended ever deeper into darkness. And I put a limit to this activity Myself.... I sent My Son to earth to save the people who wanted to be saved.

For, again, free will has to be willing to accept the blessings of the act of Salvation, because even this rescue mission cannot be done in opposition to people's will.... At first, passing through the earthly creations should have sufficed as the only test of will for the human being, since the agony in the state of compulsion had already matured every soul enough that it could easily have resisted the temptations, but the fall of the first people gave the opponent renewed power over all souls which he exploited in a frightening manner.

It was precisely for this reason why an original spirit was chosen as the first human being, who possessed all the necessary qualities to resist the adversary, but his decision could not be forced. His thoughts and actions had to remain completely independent, but then My adversary took care to turn this will towards himself which thus resulted in the new fall, whereby the sin of the spirits' apostasy from Me was repeated. Yet this right could not be denied to My adversary, because the past fall occurred in free will and they followed him into the abyss....

Thus you cannot say that I wanted the repeated fall in order to put you into a state of immense suffering again, however, I could not prevent it, because it also took place in free will and one day this free will shall surely choose Me again. You are certain to emerge from this pitiful state eventually, because My love Itself had redeemed you when it embodied Itself in the man Jesus in order to fight your enemy and to take all souls which want to return to Me into their Father's house, into their true home, which they once left voluntarily. For My love belongs to you as before and all suffering will have come to an end as soon as you want to be free from the one who still keeps you in bondage, as soon as you long for Me again and thus give Me the right to take possession of you once more in order to never let go of you again.... Amen

Why do we have to do penance for Adam's sin?....

All your questions will come to nothing as soon as you are offered the pure truth, for this is so easy to understand as long as it is offered to you in the right way. You know that the apostasy from Me took place in a state of brightest realisation. Consequently, all beings were equally responsible for falling away from Me, they could not have been forced by the adversary's will to revolt against Me, instead the 'rejection of My strength of love' was every being's own affair.... Free will made them become sinful which, at the time of the apostasy, had not been subject to My adversary.... because they had the right of self-determination.... it was still able to make a free decision and thus consciously chose the adversary. But now the latter had control over his followers, and this control was taken away from him by Me by letting Creation arise in order to induce the strength which, through the apostasy, had become incapable of any kind of activity, to become active again in different ways.... Thus, the adversary gained nothing from his followers and was only allowed to exercise his power again once the being had regained its self-awareness in the stage as a human being. And I had to leave him this right, on account of which he was then able to tempt these beings. And so he did with all manner of cunning and trickery, he understood how to deprive the first human being of his faith in My Word again which promised them eternal life if they followed My easy commandment. In this human being, Adam, an extremely strong spirit was embodied, whose fall was easily achieved yet again by the adversary.... So was it not obvious that no spirit would have been able to resist him who became subject to the same artful temptations by My adversary? It is not about the fact that the descendants had to do penance for the first human beings' sin, but it is about the fact that I.... had the first human being resist these temptations for love of Me.... would, for the sake of compassion, have done the same as Jesus, the human being, did at a later time: that He accomplished the act of atonement for the sake of **love**.... that I would have been satisfied with the strength of resistance by the one person who handed himself over to Me and should have enabled My illumination again....

And for his will of love I would have written the guilt off, and the path across earth as a human being would merely have served everyone to kindle the love for Me into brightest fire. Instead, My adversary had proved his power over the first human beings and thus did not surrender the right to subsequently use his artful temptations on every person, which I cannot deny him due to the fact that the beings once **voluntarily** followed him into the abyss.... Hence you cannot say that these people will now have to do penance for the sins of their ancestors but it has always been up to each person to prove himself during the temptations and he will also receive the strength from Me to do so, for I bless this determination and will never abandon such a person to My adversary. However, the first people could have helped their descendants to have an easier life on earth, but since they failed, it was not possible to protect the latter from the adversary's temptations.... unless they appealed to Me for My protection and then their earthly path was indeed an easier one, which was also the case with those original spirits which were receptive to instructions from the world of light and over whom My adversary no longer had full control. Therefore, the fact that those people always had an easier earthly path, that they did not fall prey to My opponent's enticements, that he did not keep full authority over them, is a sign that I have helped and always will help every soul which starts earthly life less burdened and whose will is already devoted to Me.... that I therefore do not indiscriminately give grace and strength to souls to accomplish their path of return.... However, time and again I have to mention that the first human beings made the whole path of return more difficult because of their failure, it would have been far easier to navigate had the strongest, once fallen spirit resisted and followed **My** easy commandment, had he believed more in **My** Words which promised him eternal life.... and through his resistance had broken the power, which then would have made it impossible for the adversary to use it on his followers, for this victory would have affected all fallen spiritual beings.... Amen

‘God breathed a living soul into him....’

My eternal plan of Salvation intends to bring about the deification of your souls, which indeed had once been divine and perfect beings yet they forfeited this perfection of their own free will.... You humans should know that I did not externalise you from Me as imperfectly as you are now, that I undeniably created the human form, but the soul, which animates this human form, had already spent an infinitely long time of changing its voluntarily fashioned, completely wrong state to such an extent that it was able to dwell in the human form in order to attain complete deification again. You must know that I did not **create** you imperfectly to then demand of you as human beings to perfect yourselves.... because nothing imperfect can emerge from Me.... Once you are in possession of this knowledge you will also consider your earthly existence from a different point of view.... You will realise that it is not an end in itself but the means to an end.... However, as long as you are lacking this knowledge you justifiably believe that you may use your earthly life purely for the sake of improving your physical well-being.... You believe that you may use your energy of life purely physically, even if you aspire to the goal that every individual person should improve himself ethically in order to achieve a better human race.... But you don't understand the **spiritual** task of the individual yet.... The human being himself is not the final goal, the existence as a human being is merely the final opportunity on this earth to reach the highest goal. And the teaching that I ‘created man so that he should love Me, be of service to Me, in order to thereby enter Heaven’ is only justified if the human existence is looked upon as a limited stage for the soul which once became imperfect, otherwise this teaching will lead to wrong ideas, such as the one that something ‘imperfect’.... the soul.... was joined to the human being at birth, that thus something **imperfect** was brought to life by **Me**.... This not only confuses the image of My nature, which is supremely perfect, but also people's train of thought, who do not grasp their actual task on earth and will therefore be increasingly more worldly orientated because a wrong concept is being developed in them.

Although through love for Me and selfless service the human being could indeed be able to attain the right realisation and subsequently beatitude.... it will nevertheless prevent love being kindled towards a Being which uses its creative strength for the emergence of **imperfect** creations; and even selfless **service** lacks the right motivation if people are unaware of the perfect spirits' former apostasy from Me, which consisted of the fact that they wanted to rule with arrogance.... hence they discarded the principle of love.... Their imperfection was caused by the beings themselves.... However, the fact **that** you are imperfect as a human being cannot be doubted, and therefore you must first try to ascertain the **reason** for your imperfection and not be satisfied with the explanation that I created you the way you are on earth now.... But the latter is endorsed by all those who portray the act of creation of the human being such that a ‘soul’ is ‘created’ at the same time for this human being.... which they deem they can justify on account of the Words ‘God breathed a living soul into him....’ The fact that this living soul is a formerly fallen original spirit is not known to them.... but this knowledge could be discovered by every individual person if only he seriously questioned the meaning and purpose of earthly life and his task on earth. And even a misguided teaching could make a person question, if only he wanted to gain clarification.... And especially the teachers who guide people should first attain clarification themselves, which they can receive at any time by merely turning to Me Myself if slight doubts, which **everyone can feel arise within himself during deliberation**, would make them turn to the right source, where purest trust will refresh anyone who desires it. The reason why there is so much darkness amongst people that misguided teachings were able to spread is due to people's indifference towards the truth, for it is available and within reach for everyone who seriously desires the truth. Yet only a few try to penetrate My eternal plan of Salvation.... but for them everything is obvious and they are brightly enlightened because the Light of eternity Itself kindles it in all those who want to escape the darkness.... Amen

The reason and purpose of human existence on Earth...

B.D. 7569

5.4.1960

Self-awareness of the original spirit....

Every original spirit regains its self-awareness when it lives as a human being on earth and recognises itself as a human being. Then all the small particles of soul, which were once dissolved for the purpose of return through creation, are gathered in the spirit again, and then the being will be able to acquire the degree of maturity which it originally possessed as a created spirit, which it had renounced and now has to regain in order to enter the spiritual kingdom as a spirit of light. And thus every human being is an embodied original spirit, a once fallen being, My eternal love's product of creation, which had merely left Me of its own free will and therefore also has to return to Me again of its own choice.

But the human being does not know what he was, what he is and what he should become again.... He first needs a certain level of maturity before he can receive and understand this knowledge.... He certainly recognises himself as a human being soon enough but not as a spiritual being that is to fulfil its purpose, and since he only recognises himself as a human being living on earth, his thoughts are more directed towards the world. And this usually prevents spiritual awareness which he will only experience when he turns away from the world towards the spiritual kingdom. Then it is possible to inform him of his real purpose, and then he will be able to accept and adjust to it voluntarily, which will certainly result in his full spiritual maturity. However, once he has accepted it he will also be happy at the thought and the certainty of belonging to the original spirits which I externalised as living creations and which return to Me as children, and as human beings are therefore approaching their perfection.

And only the human will needs to be good, because then it will focus on Me of its own accord. The human being asks for his God and Creator and this resolve is already the right decision, it will have passed the test of will which confronts the original spirit as human being on earth. Life on this earth does not last long but it can fully suffice for a person to spiritualise himself so completely that he acquires the degree which results in the childship to God, i.e. which returns the original spirit into a state of perfection again. On account of his resolve he will have achieved the highest degree himself and can then stay in closest proximity to Me where the direct emanation of My love is assured to him.... even though every original spirit will be able to ascend ever higher once he is allowed to enter the kingdom of light, provided the right decision of will was made on earth. And every original spirit is ecstatically happy when he becomes aware of the infinitely long path he had travelled in order to achieve the greatest abundance of light, in order to be immensely blissful.... And he will sing My praises and give thanks and glorify Me eternally, he will be and remain My child which will never leave Me again, which will create and shape in accordance with My will for its own happiness.... Amen

Purpose of earthly existence....

You yourselves gave rise to your existence on earth when you refused to remain in the circuit of My flow of love. You had been independent beings which I externalised out of My love but which had always been in most heartfelt contact with Me and were therefore always permeated by My strength of love. As long as you accepted this emanation of love you were blissfully happy. But when you voluntarily left the circuit of My love, My strength of love became ineffective, which meant that you became incapable of being active since it has always necessitated My strength of love. Inactivity is solidification, inactivity is immobility.... it is a state of death, of complete lifelessness.... You voluntarily entered this state through your past rebellion against Me and you will remain in this state until you voluntarily enter the circuit of My love again. All beings which had once fallen away from Me must go through this process: of arising from death to life. Thus, the fallen spirits, having hardened as a result of rejecting My strength of love, had become incapable of all activity and were dissolved by My will into countless minute particles, which were encapsulated by My strength of love and shaped into creations of the most varied kinds.... These, in turn, helped the spiritual substances to become active again, albeit quite minimally, according to My will.... Activity is life.... The dead substance gradually awakened to life and the degree of activity constantly increased through new formations of the bound spirits within these works of creation.... You humans are now occupying the final form in which the once fallen being shall attain the highest degree of activity and is able to do so if it uses its restored free will in the right way.... Your external form is also a work of creation by My love which is to bring the process to conclusion: to result in eternal life for you which you cannot lose anymore when you have accomplished your return to Me.

However, your life as a human being also includes the great danger that you will misuse your free will for a second time and thereby render the whole previous process of development completely worthless.... that you will descend into the abyss again, that you will reject My love once more and harden in your spiritual substance.... that you will fall prey to death again.... Your existence as a human being is an inconceivable grace, for everything that can lead you to final perfection is offered to you.... However, how you use this grace is determined by your free will, and this can only ever be stimulated or influenced but **never be forced** to aim into the **right direction**. Nevertheless, you humans should know how extraordinarily significant your life on earth is: consequently, the correlations will be explained to you time and again, the knowledge is conveyed to you either directly or through My messengers which intends to awaken your sense of responsibility. Time and again you are instructed through My Word, and you also hear the voice of conscience within yourselves. Even so, it is up to you as to what you make of this knowledge.... it is up to you as to whether you want to accept My direct revelations. Yet even My greater than great love cannot do anything more but to convey such revelations to you which inform you of the consequences of a correct way of life, of the reason and purpose of your life on earth and of My will, the fulfilment of which will truly guarantee you a life of blissful happiness.... But I cannot **make** you believe My revelations, for just as you once left Me voluntarily, just as you once voluntarily rejected My love, you must also return to Me voluntarily, you must voluntarily enter the circuit of My flow of love again.... you must want to be closely united with Me again and you will truly enter into eternal life, you will return to your Father again and be eternally happy.... Amen

Information relating to purpose and reason of earthly life....

You must always know that there is reason and purpose for your existence as human beings on earth.... It was not the Creator's whim that placed you into this world but spiritual events which formed the foundation of your creation, events which happened a very long time ago in the spiritual kingdom. The beings, brought into existence by My will's love, began to change.... The law of order, in which all perfect things had to exist, was overturned.... The externalised perfect beings changed themselves into the opposite, they trespassed the law of order and became imperfect.... However, their nature changed of their own free will, i.e. the beings' will rebelled against the existing order, it rebelled against Me Myself as their God and Creator, but Whom they nonetheless recognised because they were enlightened. Consequently, this occurrence in the kingdom of the spirits is the reason for your existence as human beings on this earth....

For you are the fallen spirits who had parted from Me of your own free will, you are the beings who once came forth from Me in highest perfection and voluntarily changed their nature to the contrary.... you are those fallen spirits.... But eternities had passed between your apostasy from Me and your existence as human beings.... an infinitely long time had passed wherein the fallen being had to go through a process of change, where it was exposed to incredible suffering and torment, where it gradually evolved from the abyss to the pinnacle again, always subject to My guidance because nothing that originates from Me remains eternally separated.... And thus one day you will reach the level of development when you will live as human beings on earth in order to cover the last short distance to the end.... in order to voluntarily achieve your return to your God and Father, from Whom you once had distanced yourselves in wrongly directed will.... If you look at your human existence in this light you will learn to understand how significant it is for you; you will no longer regard earthly life as an end in itself but as a means to an end, and you will live it consciously.

But it is difficult to make you believe that you are not just a whim of your God and Creator.... because you have no proof of what I tell you. However, just for once you should seriously consider that you yourselves and everything around you are works of wonder which could not have originated arbitrarily.... and after serious contemplation recognise a God and Creator and become convinced that there is nothing without purpose, and that your earthly life subsequently has to serve a purpose too.... You should aim to make contact with the acknowledged creative power, which is always possible in thought, in prayer and by doing works of love.... In unity with Me a light will soon shine for you, very soon you will perceive a glimpse of the knowledge which you once possessed in full measure.

And the light within you will shine consistently brighter the more you seek unity with Me and you will achieve the purpose of your life: you will accomplish the transformation of your own free will.... the change of your nature into perfection, which was your condition from the start.... You will kindle the tiny spark of love within you and turn it into a bright fire, which means as much as having entered the law of eternal order once again, where all perfect things have to exist.... You will be able to end an infinitely long process of development with the result that you will have adopted My fundamental nature again.... that you will have shaped yourselves into love and will once more be divine, perfect beings as you were in the beginning.... This is the purpose of your earthly life, which should prompt you to live consciously so that the last stage of the infinitely long process of development will enable the entirely spiritualised being to leave this earth in perfection and enter the kingdom of light and bliss from whence it once originated.... Amen

The significance of life on earth as a human being....

Your life as a human being is the last stage in the development of the once fallen entity which is personified as the 'soul' within you and which, still enclosed in a physical external shape, can now overcome it and leave this form to enter the spiritual kingdom as a spiritual being. During this earthly existence the last transformation into the original entity can take place again if free will is used correctly, that is, if it consciously strives to return to Me again, Whom it had once left voluntarily.... And this transformation is certainly possible because the human being receives a multitude of blessings and with the right use of these blessings has enough strength available to cast off all impurities and to live wholly within the divine order; that is, to live a life of love through which he can spiritualise soul and body and thus the return to Me is accomplished.... However, the human being can also disregard all the blessings at his disposal and instead of ascending he can return into the abyss; this cannot be prevented because he has free will as a sign of his divine origin.... But then he places himself once again into the dreadful fate of bondage and it will take an infinitely long time until he finally can be released again....

You do not want to believe how significant earthly existence is for you human beings and are therefore half-hearted in accomplishing your task on earth. But it concerns your own destiny, you yourselves have to bear the consequences, and the fate you prepare for yourselves cannot be taken away from you. You can choose between everlasting happiness and an infinitely long state of torment and you are doing little to acquire the first; instead you rather follow your earthly path indifferently.... And if fellow human beings, who know of the great significance of earthly life, draw your attention to this you listen with disbelief and remain unimpressed but believe them to be fantasists instead of thinking about the reasons for your earthly existence yourselves.... Yet time and again you will be confronted with events which could cause you to think.... Time and again your thoughts are pushed into that direction by means of conversations, the reading of books and your own experiences so that you should become mentally active and ask questions which concern you and your earthly existence.

If only you would believe that human earthly life is a most significant gift of grace which, if you make right use of it, can lead to unimaginable happiness.... if only you would believe that there is meaning and purpose to your earthly life, that you are not 'chance life forms' who are not responsible for their earthly progress and cease to exist when the body dies... It is the soul.... the original spirit which once had fallen away.... who should achieve its final release from all physical external form and human earthly life is the last phase of an endless long process of development....

You humans are self-aware and you are only 'self-aware' because your outer cover incorporates an original spirit who once came forth from Me as a self-aware entity.... Thus, not your body nor your intelligence triggers your consciousness of self but your soul, which is your real life and which ultimately turns the human being into a self-aware being. Without this soul the human being is only a physical outer shape without life, even when all internal organs are present they cannot function without this soul.... The 'life' of this outer shape depends on that soul.... an original spirit.... who enlivens the body and enables it to function in all manners....

You humans should always keep in mind that you live on earth for a specific purpose and should try to find this cause and purpose, then you will also receive explanations in the form of thoughts, which I Myself will send to you in order that you may come to understand it. And thus I will send you My messengers again and again and through these try to make you think, and it will certainly be a blessing for you if you don't walk through life in ignorance but also use the gift of intelligence. This can result in the right attitude towards your God and Creator and with this you will also find the right knowledge.... Because I truly care that every single human being should use the short time of grace as a human being in the right way and reach his final destination.... that his soul will return to Me again from Whom it once had come forth as created spirit.... Amen

Information about God's plan of Salvation....

I want you to gain a little insight into My eternal plan of Salvation, and therefore I Am trying to inform you of it in relation to your degree of maturity. I aim to impart this knowledge to you through My spirit so that you will live in complete truth and you can also be certain of this truth yourselves. For only by way of the spirit is it possible to convey the pure truth to you. You shall know about all things so that you will be able to refute misguided teachings which hinder your return to Me, which thus shall be achieved through My plan of Salvation one day. You shall know where you came from and what caused your apostasy from Me.... You shall know about the fate you prepared for yourselves through your apostasy from Me. And you shall know the fact that and the reason why I consequently prepared a plan to ensure your gradual path of return to Me.... You shall also be informed about this plan, because only then will you understand your human existence on earth and live accordingly....

You will learn to recognise and love the One Who brought the entire creation into existence for the sake of your beatitude, Who used His might with infinite love and wisdom to bring creations of the most marvellous kind to life, which all correspond to their specific purpose and only serve to accommodate the once-fallen spiritual substance in order to bring it to final maturity one day.... so that one day it will return to Me, Who has been the origin of its existence and Who will be eternally connected with My created beings because I love them....

You humans must know of My infinite love since this is the explanation for everything, or I could have destroyed what I had created when it opposed Me.... But My love prevented Me from doing so, yet My love also wants to give joy to the created beings, because love cannot bestow anything but happiness. **Therefore a return of what has fallen away from Me must inevitably take place, ...**

B.D. 8443, 20.3.1963

Nothing will remain unredeemed forever....

Every human being is responsible for his soul's state of maturity himself, consequently the human being also determines how long he will remain distant from Me, that is, every original spirit.... the embodied soul in a person.... will return to Me without fail, yet the length of time it takes to achieve this return depends on free will, and thus it can take eternities until the soul has become what it was in the beginning: a perfect being which is closely united with Me, which then will be able to work beside Me in light and strength and freedom.... The fact that this return to Me will happen sooner or later is certain, because it is the fundamental law of eternity that everything emanated by Me as strength will have to return to Me again.... Yet the duration of return to Me can stretch across eternities and you humans are incapable of comprehending this period, for your thinking is limited....

Nevertheless, there is no such thing as 'eternal' death, if it is understood as being perpetually distant from Me.... You can indeed speak of eternities but not of a state that will last **forever**, which thus is without end.... For such a concept is not compatible with My Nature, which is **love** and **wisdom** and **might**.... Do you really think that My wisdom and might don't have the means at their disposal to achieve **everything**, even the final return of the spirits which once fell away from Me? Or do you think that My love is so limited that it would leave even just **one** being in a state of **eternal** death?....

You know that even My adversary will return into the Father's house one day and that he will be accepted by his Father as the son who has returned home, even if infinite times will still pass by.... Nevertheless, he will not be banished from My face **forever**, he, too, will yearn for My love one day and voluntarily return to Me. And nothing will remain in an unredeemed state, for even the hardest matter will dissolve one day, it will release the captured spiritual substance and bit by bit spiritualise itself, for everything in existence in the whole of the universe is spiritual strength, of which I was and Am the source, its effect merely manifests itself at various degrees of hardness, thus consequently hardened or already softened it is approaching its spiritualisation.... but the spiritualisation of all matter will certainly take place and nothing defying Me will remain.... This wrong assumption is also a product of human intellectual thought which has to be corrected through My direct instruction from above, for such a teaching was never conveyed to you humans by **Me**....

Time and again My adversary will intrude and influence people to change spiritual knowledge with the intention of misleading you and awakening doubts in My Nature, for as soon as you believe that unredeemed spirits have to remain in their state **forever** then you are also questioning My infinite **love**.... it would be limited, which is impossible with a Being, Which is and will remain supremely perfect for all eternity. My adversary has truly many opportunities to slip in and cause confusion, and he will always do so when My spirit's activity is displaced by intellectual thought, which is only possible when people are not content with a simple explanation and feel committed to add or delete something. If, however, they would shy away from making changes at all, such errors could not creep in, for then they would strictly keep to My Word and could not fall prey to error....

And therefore I have to keep exposing errors all over again, I have to convey My pure Word to you humans, I have to correct everything so that you will not acquire spiritual information that has not originated from Me but which is eagerly endorsed as My Word.... It was conveyed to earth in all purity and truthfulness, yet if a person takes it upon himself to make changes he cannot be prevented by Me, but I will always make sure that you humans

will come into possession of the pure truth time and again.... And if you desire to know the truth then you will also query every misguided teaching and won't be able to reconcile it with the supremely perfect nature of your God and Father of eternity....

And the best and safest test you can make is to ask yourselves whether your God's love and wisdom justifies a teaching, for as soon as one quality is missing you may also reject it as incorrect.... And truly, I will also substantiate why the teaching of **eternal condemnation** is misguided.... so that you can believe it and be sure that you are living in truth, which I will keep imparting to people because truth alone is the light which illuminates the path of ascent.... Amen

... and the only objective of My eternal plan of Salvation is the final return of all fallen spirits. The fact that I now give you such detailed information is only due to the last days, which necessitate a final act of help for you humans. You should know what it is all about and that you do not have much time left to achieve this return to Me.... You should not spend your days thoughtlessly but try to establish a close relationship with Me in order to be guided through the chaos by Me, which will still befall humanity before the end, and for which you thus shall receive the truthful explanation.

If, however, you are kept in error, if you constantly hope for an earthly renaissance for everyone, for earthly progress, because you do not know the meaning and purpose of all events which concern you, your earthly life will have been futile for your soul, which is your real Self and does not cease to exist after the death of your body. And I would like to protect it from the fate which then awaits the soul. I would like to prepare you for a state of bliss because I love you, and therefore I repeatedly transmit the truth to earth which you need only accept in order to be saved from the terrible fate of new banishment into the creations of earth....

Anyone who knows My eternal plan of Salvation already lives his earthly life with a certain amount of happiness, because he has recognised its meaning and purpose and thus lives consciously and always aspires to fulfil My will....

But a person who is not familiar with this information does not know a purpose of existence either, and he will only accept worldly and never spiritual values, because the area of spirituality is completely unknown to him.... And then again, only a person who has already established a relationship with Me due to his loving actions will muster the understanding for My eternal plan of Salvation, for his spirit has already come alive, whereas the person without faith in Me will think and act unkindly and never be accessible for such knowledge.... Thus he goes through life in dense spiritual darkness and due to his blindness does not find the right way either.

But I want to offer all people the knowledge that they once originated from Me, that they voluntarily turned away from Me, plunged into the abyss and were helped by My love to ascend from this abyss again, because My love for all created beings is greater than great and this love will never change either.... And therefore I will not rest until I have regained what has fallen away from Me, until it voluntarily strives towards Me again.... For this purpose it passes through creation, which I once brought into existence for its return to Me.... Time and again I will impart this information to people who want to unite with Me again and want to know the truth about the cause, meaning and purpose of their existence on this earth.... And you will be instructed of it in all truthfulness, because only truth will set you free and lead you back to Me again.... Amen
